Dear Parents,

Greetings from St. Montfort School, Bhopal!

I take this opportunity to express my sincere gratitude for your continuous support, cooperation, and guidance in enhancing the academic performance and overall development of our students.

We are pleased to inform you that in the academic session **2026–27**, the school is introducing **Robotics & AI Labs for Classes III to VIII** and a **Composite Skill Lab for all students**, with special focus on Classes IX & X. These facilities will be equipped with modern resources to provide advanced, skill-based education to your wards.

As we approach the **Summer Vacation**, we request all parents to ensure that their wards remain academically engaged by completing their **project work, assignments, and holiday homework**. Students are also encouraged to participate in creative and recreational activities to rejuvenate their minds. The holiday homework has already been provided and is also available on the school website.

Kindly note that **submission of project work/holiday homework is mandatory on 15th or 16th June 2026**. Parents and students of **Class IX** are requested to purchase textbooks of NCERT as soon as they are available in bookstores.

Please note that students who have not reported after collecting their **Report Cards**, and also the ones who have yet not collected their Report Cards from the School will not be included in the class list and will be required to complete the **re-admission process** for the new academic session.

Please note that if you have any corrections to be made in the school records (such as Name, Address, Caste, etc.), you are requested to submit a written application along with the necessary supporting documents. Kindly ensure that the same is submitted to the School IT Office on or before **27.04.2026**. Submission within the stipulated time is mandatory.

We request you to regularly visit the **school website** for important updates and announcements.
