EXPERIENTIAL LEARNING

Experiential Learning is the process of learning by doing. By engaging students in hands-on experiences and reflection, they are better able to connect theories and knowledge learned in the classroom to real-world situations.

VALUE BASED EDUCATION

Values education is the attempt within the school, to craft pedagogies and supportive structures to foster the development of positivity, ethics and competencies amongst students. It also focuses on strengthening their academics and helps them towards further achievements

ART INTEGRATED LEARNING

Art Integrated Learning (AIL) is a framework of experiential learning which provides equitable learning for all learners through their own access points. Students engage in art activities and construct personal meaning through their learning in an art integrated environment.
