

St. Montfort School, Patel Nagar, Bhopal

Report on Object Speaking.

"Every object speak for itself if observed keenly".

A child develops cognitive abilities as he or she learns to assign attributes, description and roles to build such abilities and vocabulary in a children's, St. Montfort school kindergarten was happy to organise (Object speaking), activity for the students of KG 2 on (15th December 2023) where the selected students had upfrontly participated and confidently spoke about their objects.

This activity not only encourages the students to speak in public without fear but also make them learn about the day-to-day basic needs. The activity helped the students with better memory retention.

The presentation, pronunciation, speech and confidence each child was observed the activity was truly enjoyed by all of us.
